

Personal, Social and Emotional Development

- Through developing awareness of people from around the world we will be encouraging the children to consider other people's feelings, needs and views.
- They will also be encouraged to develop their own ideas in their learning and try new activities.

Communication and Language and Literacy

- We will be using non-fiction books and the internet to find out information about different places and transport. We will be focusing on non-fiction features such as contents and index pages and how to find information.
- The children will also be making non-fiction books and writing postcards from countries we have learnt about.

Physical Development

- The children will learn about growth in animals and humans and draw comparisons.
- They will practise skills linked to games e.g. different ways of passing a ball.
- They will consider how exercise, healthy eating, sleep and hygiene help to keep us healthy.

Oasis Academy Foundry Reception's Summer Curriculum Overview

Summer topic :Growing/Journeys

**Planning for...Considering actions-
Developing Relationships with peers and adults-Routines-
Sanctions-Rewards-
Continuous Assessment-Key groups**

Enabling Environments

- Reception is warm and accepting of everyone
- Indoors is safe and secure
- Children have the freedom to explore

Positive Relationships

- Respect diversity
- Welcome all parents into the setting
- Create effective communication
- Form good relationships with parents
- Make time to listen to parents

Unique Child

- Consider each child and support their interest
- Provide the children the opportunity to explore in a safe environment
- Ensure safety when going out
- Listen to what children tell you, and act on non verbal signals.

Learning and Development

- Allow play to be indoors and outdoors
- Plan a challenging environment
- Facilitate children's learning through play and exploration
- Support and challenge children's thinking

Mathematics

- The children will continue to focus on counting, using this within adding and taking away. These skills, including halving, sharing and doubling, will be developed through problem solving.
- Language such as more and less should be used correctly.
- They will also be developing their awareness of measurements through comparing sizes, height and weight, and using language related to 2D and 3D shapes.

Understanding the World

- The children will be learning about the local area and places around the world, to develop their awareness of their own environment and to learn about people's cultures and customs.
- We will also be thinking about how we could travel to these places through role play and construction.
- How things grow

Expressive and Arts and Design

- Role play areas will be linked to travel where the children will take on different roles and perform related tasks.
- There will be opportunities to develop their creativity by exploring different materials and activities.
