

Home Learning: Week 4- Lesson 1 on Shapes

1. Look at the picture and identify some of the 2D and 3D shapes. What other shapes can you see around your house?

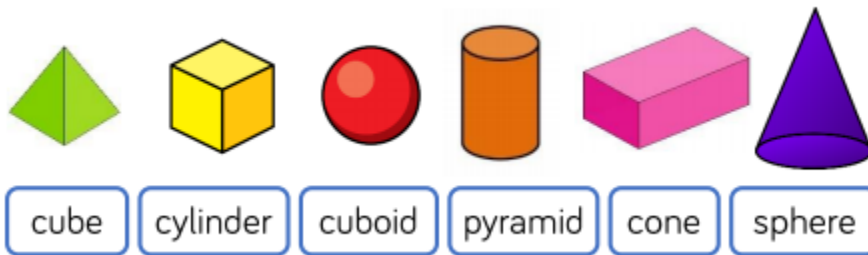

2. Use the following link to research 2D and 3D shapes and their properties on YouTube.
The link is: https://www.youtube.com/results?search_query=2d+and+3d+shapes+year+1

3. Challenge:

a)

Match the shape to its name.

b)

Complete the sentences to describe the model

There are ____ cuboids.

There are ____ cylinders.

There are ____ pyramids.

There are ____ cubes.

Build your own model using 3-D shapes and ask a partner to describe it.
