Creative Writing: Partly Cloudy

I would like you to watch the film "Partly Cloudy" at

[https://www.youtube.com/watch?v=9yOxx\\_4oOMs](https://www.youtube.com/watch?v=9yOxx_4oOMs) (if you can't watch the film I have included an image too)

Focus on this section here, from 4:00. Notice the way the colours of the sky change as the weather changes. What is the filmmaker trying to show us here? Now, write a description of a storm. Using the images as inspiration and using the FANTASTICS.

What does the storm sound like? Is there any smell? What do you see?

How does the storm feel? How does the rain feel when it splashes on you? How do thunderstorms make you feel?
