Poetry.

Hello everyone, it's Ms Rashid. Today we're going to write some poetry. We're going to continue with the theme of Mystical Creatures!

The Dragon has some beautiful eggs in her nest, we're going to write beautiful, imaginative descriptions for what might be inside them..

Write about what could be in these eggs- use the colours to give you an idea, but try to make each idea really special so that you don't just say a green egg is "Like grass", think about a special or mystical place the grass might have come from.

Here are some ideas but of course you can carry on and do your own!
