

Topic, Science and Spanish Activities

Week Beginning 1st June 2020

Scrumdiddlyumptious

Dear smoothie creators,

I am excited that you have taken on the challenge to design a brand new smoothie for Starsmooth international. I am looking for a fresh and new product to add to the existing ones. This product will be sold all around the world so the ingredients need to be from countries all across the world. However, remember each product has to be fair-trade.

Can you send in your smoothie recipes with evidence of each product being a fair-trade product?

Science- Parts of a Plant

Photosynthesis is the process in which plants make their own food. Can you label this diagram using the key words? You can draw your own diagram if you want to. Challenge: Explain the process of photosynthesis in your own words. → → → → →

Don't forget- you can get help with your work or send pictures of what you have been doing by emailing wdv.year3@oasiswoodview.org

Spanish

"UN" or "UNA" is for 1 fruit.

"LOS" or "LAS" is for MORE THAN 1 fruit.

Here are the names of the fruits that you have learnt so far. Can you practise these in a sentence to anyone at home?
