L.K: To infer meaning from a picture

Being able to infer meaning means that you can tell what different characters could be feeling or thinking based upon what you can see or read or how you would feel in that situation. To practice this, look at the picture below and attempt to answer the questions.

Credit: Goro Fujita

- What is happening here?
- Why/how is the carpet floating?
- How is the boy feeling? Was he expecting this to happen?
- How is the dog feeling? How do you know?
- Does this bedroom belong to the boy? What does the setting tell you about his character?

Now, for your second activity, can you think of a time when you noticed that some was upset, angry, happy, sad etc. and think of how and why they could have been feeling that way? What did you notice about them that made you realise that they were feeling that emotion? Write a couple of short sentences for your answer.
