

**Friday 12<sup>th</sup> June**

**L.K: To create a storyboard**

Today you will use yesterday's plan to create your own storyboard about a day in your life. This could be at any point, but it would be best for detail to have it from over the past couple of months. Make it as colourful and engaging as you can and try to impress me with all of your exceptional learning! The storyboard is on the next page, but you can create and draw your own template if you want to.

As a starter, before you complete the storyboard, have a go at these SPAG questions.

- 1) Write a sentence with a fronted adverbial.
- 2) Write a sentence using direct speech.
- 3) Improve this sentence using adverbs and adjectives.  
"A dog barked."
- 4) Write down 2 synonyms and two antonyms for the word "nice".
- 5) Write two sentences that describe today's weather!
- 6) Write a sentence that uses present perfect tense.
- 7) Use brackets and speech marks in the same sentence.

Make sure to email me your work, I'd love to see what you've been getting up to!

Mr Crowe
