

Monday 15th June

L.K: SPAG Practice

We have learnt about and used lots of different SPAG in Year 4. Think back to what we have learnt and answer the questions below.

1. "The tree was in a field"
Rewrite this sentence using adjectives to make it more interesting.
2. Make these words into their plural form:
 - a) sausage
 - b) dog
 - c) children
 - d) potato
 - e) island
3. Homophones are words which sound the same, but are spelt differently. An example would be the words "night" and "knight". Write down two more pairs of words that are also homophones.
4. Using a dictionary, spell these words correctly. Remember to sound out the word before you spell it!
 - a) befour
 - b) froot
 - c) bisickle
 - d) becuase
5. Write about your last birthday using as many descriptive adjectives and adverbs as you can. Try to use adjectives and adverbs that you don't use very often! Can you include fronted adverbials in your work?
6. A homophone is a word that sounds the same as another word, but they are spelt differently and have different meanings. For example, "meet" and "meat".
A homograph is a word that sounds and is spelt the same, but they have different meanings. For example, "left" and "left".

Can you give two examples each of homophones and homographs?

7. Write the FANBOYS in order.
8. Write down a synonym and an antonym for "happy".
