

## Topic home learning- Week beginning 18.05.2020

We will continue to revisit our knowledge of the Pharaohs this week. You can choose from any of the tasks below. Please feel free to email

[WDV.Year5@oasiswoodview.org](mailto:WDV.Year5@oasiswoodview.org) for feedback.

Tasks:

1. Find four objects in your home which you would bury in your tomb to show an archaeologist how you lived your life. What do you think they would be able to infer from each object that you have chosen?
2. Research modern religions which also believe in an afterlife. What do you have to do to get to an afterlife? Are there any similarities in beliefs with those religions and the Ancient Egyptians?
3. Sketch the River Nile, labelling the areas of Egypt that it runs through. Surround your drawing with facts about how the Nile was crucial to the everyday lives of the Ancient Egyptians.
4. Research and sketch what an Ancient Egyptian home would look like.
5. Write a positive message for someone at home, in hieroglyphics. You can do a translation on the back of what it says.

Enjoy 😊
