English – Prepositional Phrases

Hello Year 5, Miss Hodgson here! I hope you are all safe and well at home.

Today, we are looking at prepositional phrases. Don't forget to send your work to:

**A prepositional phrase is a group of words which contains a preposition followed by a noun, pronoun or noun phrase but no verb. For example: below the tree.**

**Write sentences which contain prepositional phrases to describe this setting. For example: The kite flew high above the busy beach. Use the word bank to help you, but you can also use your own prepositions.**
