Beyond Secondary School

After secondary school, you can move onto college or an apprenticeship and then to university or into a job!

It's normal not to know what you want to do yet but this is a chance for you to have a think about your dream jobs!

Today, we want to think about the jobs you might like to do.

Research your ideas on the computer and find out what subjects you might need to study to be able to do the job, and what other key skills you might need.

You should create a page with 3 different jobs ideas, set out as below.
