

Tuesday 23rd June

Getting to School

Getting to your secondary school safely is just as important as being there.

Hopefully, last week, you began to investigate how you might get to school. Today, we would like you to draw the route you are going to take to school (whether that's walking, cycling, driving or by bus). Identify spots where there could be hazards (e.g. busy roads) and explain how you will manage this safely!

On your map, you only need to include the roads you will travel on. If your journey is long, or you catch more than one bus you do not need to draw the bus route out, but focus on where you get on and off and any landmarks to help you remember these places.

Keep your route simple - only draw on what will help.

If you have different possible routes, focus on only one of them, or you may get confused!
