

BBC Bitesize Daily lessons

BBC Bitesize Daily lessons have got in touch with Woodview TV6.
They would like a programme for kids, by kids!
Yes, it's your turn to create a short lesson!

Look at the age ranges below to help you decide who you will make your lesson for.

What subject it could be? You could read a story and ask questions, teach a maths skill, share a topic you have studied – or teach a science, sport, music or art and craft skill/activity.

It's entirely up to you.

When you have decided, either:

- * film it as a video with you presenting,
- * film it as a video, but with a voice over,
- * send in your script.
