

Maths Instructions - Week beginning April 27th.

For each Maths lesson, Monday to Thursday this week, use the link below to watch the correct video before attempting the task each day.

On Friday, you have a Maths challenge, which is on bitesize, although I have included extra daily challenges in the main folder if you want more!

You need to use the work for Summer Term, Week 1. Ignore the fact that the date says 20th April!
