

Monday 1st June

During this half term, our English will focus on your transition from Oasis Woodview to your secondary school.

We will be completing a transition booklet, which you can draw out yourself, so everybody's will look a little different.

At the beginning of the booklet, we will be thinking about you and your time at Woodview, but as we move on, we will help you to prepare for your new school.

Today, we would like you to create your cover page. On the next page you can see what it could look like. You can copy the page, or tweak the design a little if you prefer. The box in the centre would normally contain a photo of you all. However, you could draw yourself, your friends or anything else that you think would be suitable!

Make it fabulous! It's *your* book and *your* memories to keep forever!
