Biggest Achievements and Lifelong learning ...

Today you are going to create a page for your booklet, where you write about your achievements during your time at school. These could be in any lessons, and will have made a real difference to you. What has been your biggest achievement, and who helped you achieve it?

In addition, you will have learnt many valuable things during the time where you are not in actual lessons, which will help you in the future. These might be qualities such as perseverance, patience etc and may well link with our Oasis 9 habits. We learn many things from those around us, whether they are adults or children, and in a wide range of activities, including trips.

Use the next page to help you think about how you are going to set it out.

Remember to login to <https://pages.sumdog.com/> using your Mymaths login to play spelling games.

# Biggest Achievements

What have been your biggest achievements at primary school? Who helped you to achieve them?

# Lifelong Learning

What have you learnt at primary school that will prepare you for your future? Think about more than just curriculum lessons, what about lessons about life...
