

Thursday 18th June

Your timetable and clubs...

At secondary school, you may have a timetable that looks like the one below. In this example, here are 5 sessions in the day. For each subject, it shows the subject, the initials of the teacher and the room number so you know where to go.

This a 2 week timetable (you will be looking at these in Maths today). It means that you have different lessons in week 2 from week 1. After week 2, you go back to week 1, rotating the weeks. Not all of you will have a 2 week timetable, but some of you do.

With this type of timetable, you have to make sure you know which week you are on so that you have everything you need.

Today, we would like you to look at your new school website to see if there are any example timetables. If not, it may instead tell you the amount of time you will study certain subjects for in year 7.

School isn't all about work however, and there will be many clubs (during and after school) that will interest you. We want you to find out which clubs (extra curricular) your school offers, and which you think you would like to try.

Design a page of your own to share this information with us - tell us why those clubs interest you!

EXTRA CURRICULAR ACTIVITIES SPRING TERM 2020

LUNCHTIME

Monday	Tuesday	Wednesday	Thursday	Friday
		YEARS 7 & 8 SINGING GROUP MUSIC RM 1.30 - 2.00 - AW

*Training and matches - see separate netball schedule outside PE office as match days and times do vary

This is the real timetable for clubs at Turves Green Girls School. Your school might have a timetable or a list to show their clubs (extra curricular activities). Different clubs might be open to different year groups.
